

Attempt—Accomplish

"The reason why some folks accomplish more than others is that they attempt more."

That neighbor's boy that you run around with has some money in the savings bank. Why is it? Is it because he has a better chance than you—or is it because he has the courage to save instead of to spend?

It's good to have a savings account—but it's a whole lot better to keep adding to it so it will grow steadily.

Every boy and every girl in this vicinity—or wherever the mails reach is invited to deposit their savings in this strong old bank, which for more than fifty years has served the people of Vermont. We have a bank book waiting for you.

Congregational Church Notes.

Next Sunday morning Rev. F. L. Stacy will speak in behalf of the suffering Armenians, who are suffering for the need of food and clothing. Children die in the arms of their mothers for lack of food. A collection will be taken. Let everyone take the thought to themselves, "What, if it was my child?"

In the evening at 8 o'clock there will be union services, with a program of sacred music, piano, violin, organ, etc. A choir will lead the singing of familiar hymns and the pastor will relate the story of their origin.

Last Sunday the pastor's theme was "Establishing Communion with Jehovah." Appropriate music was rendered by the choir. Miss Marjorie Grannin of Lyndon was present and sang a solo.

In the evening a union service was held at the M. E. church. It took the form of a thank offering for W. H. M. A program was carried out, which was very interesting and instructive.

SO WEAK SO NERVOUS

How Miserable This Woman Was Until She Took Lydia E. Pinkham's Vegetable Compound

Toomsboro, Ga.—"I suffered terribly with backache and headache all the time, was so weak and nervous I didn't know what to do, and could not do my work. My trouble was deficient and irregular periods. I read in the papers what Lydia E. Pinkham's Vegetable Compound had done for others and decided to give it a trial. I got good results from its use so that I am now able to do my work. I recommend your Vegetable Compound to my friends who have troubles similar to mine and you may use these facts as a testimonial."—Mrs. C. F. PHILLIPS, Toomsboro, Ga.

Weak, nervous women make unhappy homes, their condition irritates both husband and children. It has been said that nine-tenths of the nervous prostration, nervous dependency, "the blues," irritability and backache arise from some displacement or derangement of a woman's system. Mrs. Phillips' letter proves that no other remedy is so successful as Lydia E. Pinkham's Vegetable Compound.
